6 Hale, Sonny Mongold, Bob King, George Daugherty, Tom Linski, Jr., and Sherri Erbaugh. Member Harry

14 minutes as written. Mrs. Erbaugh seconded the motion. The motion passed with a unanimous voice vote
15 5-0.

17
18 **PUBLIC HEARING:** none

19
20
21 **OLD BUSINESS:**

22 Ms. Barden reported on permits that were approved as follows: zoning permits for decks at 179 W. Lee
23 Street, and 178 Early Street, a zoning permit for a carport at 164 Early Street, and a home occupation
24 permit for Skyline Creations at 775 Clicks Lane, and two sign permits for the church at 9394 George
25 Collins Parkway.

26
27 **NEW BUSINESS:**

28 The first item to be discussed was the vape establishment regulations. Mr. Garrison gave a quick
29 overview of the discussion from the last Planning Commission meeting about the vape shops and the
30 potential of creating regulations for them. Mr. Garrison explained that currently we do not have a
31 definition in our code for what a vape shop is, and Ms. Barden has been researching other localities and
32 how they have defined them. Mr. Garrison presented the proposed definition for vape shops and
33 allowed the commission members to ask questions. Mr. Mongold inquired if the town can tax vape
34 products like cigarettes, and Mr. Garrison explained at this time we cannot, as that comes from the
35 State level. Mr. Garrison also presented some potential regulations that the town may be able to
36 establish to help regulate vape shops within town limits. Discussion was held in reference to these
37 potential regulations, and commission members expressed their concern for both the citizens and
38 current businesses, while being optimistic about new business. Mr. Mongold stated that he was in favor
39 of the town requiring a Conditional Use Permit for vape shops. Mr. King stated that he agreed that it
40 gives more flexibility. Mr. Garrison explained that staff will continue to work on the definition of a vape

41 shop, and drafting a code to bring to the commission for approval, which will then require a joint public
42 hearing for the next part of the process.

43 The second conversation was in reference to ground mounted solar panels. Mr. Garrison explained that
44 we currently do not have a code that addresses them, and staff had a citizen inquire about whether they
45 are allowed. Mr. Garrison explained other localities have code in place to mandate setbacks, total
46 square footage per solar panel, or how many panels are allowed. Planning commission members
47 discussed the pros or cons of setting codes for solar panels and whether it is needed. After discussion,
48 Mr. Linski suggested that we use the current setbacks for accessory structures. Mr. Garrison stated
49 other localities have regulated them as an accessory structure. After further discussion, the commission
50 members suggested that staff utilize the current setbacks for accessory structures.

51

52 **ADJOURNMENT**

53 **With no further business to discuss, at 7:17 p.m., Mr. Linski made a motion to adjourn the**
54 **meeting. Mr. Daugherty seconded the motion which passed on a unanimous 5-0 voice vote.**

This includes establishments whose primary purpose, defined as having most of their sales or display space devoted to these items, is the sale of cigarettes, cigars, vaping devices, electronic cigarettes, and other products containing tobacco or nicotine, as well as accessories and smoking-related paraphernalia. All sales and sampling within these establishments must comply with applicable age restrictions per Virginia law.

Conditional Use:

Tobacco, Smoke, and Vape Shops are proposed as a conditional use in zones B-1 and B-2.

Changes to Section 70-60 (v.):

Updates terminology from "drug store" to "pharmacy."

Impact on Existing Businesses

Grandfathered Status: Current shops are classified as nonconforming.

If closed, a two-year sunset period allows a similar business to open without needing a conditional use permit.

Expansion or Additions: Require a conditional use permit to align with the new ordinances.

Next Steps:

- Planning Commission Approval
- Joint Public Hearing
- Town Council Approval
